

Dear Parent/Guardian,

We are pleased to advise you that Staples has created a BYOD (Bring Your Own Device) program and has partnered with the Simcoe County District School Board (SCDSB) for the 2017-2018 school year to provide you with easy access to this program. If your family is considering a technology purchase, this program provides local affordable options. Staples, and the selected items, have been approved by the SCDSB.

The value of having the right partnership to deliver high-quality products and customer service is important to the school, the board and to all students and their families. We are proud to partner with you to provide a total local solution.

The Staples BYOD Program solution offers:

- Two premium hardware choices, all designed specifically for educational applications

Lenovo N23 Chromebook

ASUS Laptop X541NA-RS91-CB

- Staples Educational EasyCare Plan provides replacement guarantees for all defective units, including units accidentally damaged same day locally
- Exclusive pricing on software purchase requirements

- Competitive pricing
- Several kit options to offer choices for all families within their communities
- Hardware tutorials for students and parents
- In-store products and technical support
- Financing available, including interest-free payment plans; OAC
- Air Miles with purchases

*All hardware options are subject to availability, and may change without notice.

We have four bundle options for your selection; see attached.

At this time, we are conducting a formal pre-ordering process for the specific bundles that have been board-approved for your selection. The survey will serve to provide all SCDSB parents with the best value and assure availability of your selection. Please consider your response to the survey carefully. **Your response will be considered a commitment to purchase your selection.** Delivery to your local stores will take approximately 6 to 8 weeks, with payment due upon in-store pickup. Please visit the link below. We ask that you please fill out and submit by Wednesday June 30th, 2017. Thanks for your support.

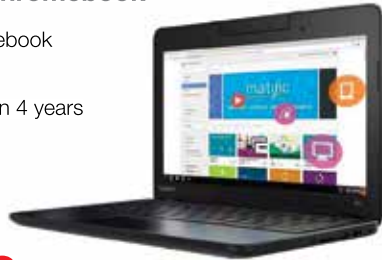

**For further information about the program or products available,
please contact your local Staples store manager.**
