

Thank You

from the Chairperson and Director of Education

Dear Staff,

The 2010-2011 school year is coming to a close, and it has been a year full of dynamic learning opportunities, educational achievements, and wonderful staff and student initiatives. We continue to focus our strategic direction along our multi-year plan, *The Simcoe Path*, and this focus is reflected in our Board Improvement Plan for Student Achievement and our School Improvement Plans.

We invite you to enjoy a special video slideshow highlighting just some of the many great events YOU helped make happen this year in the SCDSB! Please click [here](#) to view the slideshow.

This year's SCDSB school community success stories are also featured in our system newsletter *Sharing Simcoe*. Current and past issues are available by clicking [here](#).

Thank you for making all these amazing success stories a reality in our school board!

Debra Edwards
Chairperson

Kathi Wallace
Director of Education
