

INNISDALE SECONDARY SCHOOL

Specialist High Skills Major

BUSINESS

Let's Do Business

Specialist High Skills Major is a program to help students better prepare for experiences after high school. It provides an opportunity for students to focus their learning and gain valuable experience for both work and post-secondary opportunities.

SPECIFICALLY, STUDENTS WILL:

- visit training centres, colleges, workplaces, tradeshow and special events
- participate in activities to better understand the workplace (job shadowing, company tours, work experience, conferences)
- use the Ontario Skills Passport to document the development of essential skills and work habits.

Students will receive a full high school diploma with a special red seal designating they have participated in the SHSM program.
