

TRANSPORTATION

SPECIALIST HIGH SKILLS MAJOR

THE ROAD TO YOUR FUTURE

A Specialist High Skills Major (SHSM) is an exciting new pathway that allows students to customize their high school experience to suit their Transportation sector interests, while working toward their diplomas.

Experience your future in an apprenticeship trade or career field such as:

- Motorcycle Technician
- Truck & Coach Technician
- Automotive Service Technician
- Recreational Vehicle Technician
- Tire, Wheel & Rim Mechanic
- Small Engine Technician
- Transmission Technician
- Heavy Duty Equipment Technician
- Autobody Repairer
- Automotive Electronic Accessory Technician

TWIN LAKES SECONDARY SCHOOL

Why consider a Transportation Specialist High Skills Major?

You will have many opportunities to:

- explore a career in the Transportation Industry and refine goals for your desired postsecondary destination,
- improve prospects after secondary school with recognition of SHSM,
- plan for success in a particular sector by learning marketable job skills,
- interact in a variety of experiential learning environments,
- develop personal qualities such as leadership, maturity, confidence, self-esteem, and co-operation with others,
- obtain certification for the workplace,
- apply, in a working environment, the knowledge, skills and practices learned for Transportation and related careers,
- complete Cooperative Education credits at local placements while accumulating possible apprenticeship hours, and
- graduate with a SHSM designation on the Ontario Secondary School Diploma.

You are a winner with a Transportation SHSM in any future pathway...Workplace, College, Apprenticeship or University!

The program is open to all secondary school students who are sincerely interested in “trying on” a career.

Exciting opportunities await you!

Please contact the Cooperative Education or Guidance Department for further information.
